CHAIRMAN'S STATEMENT

It is my pleasure to present SFTi's annual report and accounts for the year ended 31 March 2018.

It is the purpose of SFTi to make and hold investments in infrastructure companies, assets and projects across Scotland.

During 2017/18, SFTi invested just under £1.5m in six revenue-funded education and community health projects delivered through the SFT-managed hub programme.

With a construction value of £161.5m, they are supporting approximately 1,200 jobs. Since the establishment of the programme, SFTi has invested £15.1m in 37 hub projects. Of these, 22 are now operational and cash generating, with the remaining 15 in construction.

During the year, SFTi also invested in two further Limited Liability Partnerships in SFT's National Housing Trust programme.

The continuing growth of SFTi's investment portfolio is encouraging and plays a strategic part in the Group's business. The increased levels of additional investment income will be used to offset SFT's operating costs and potentially for investment in future projects over many years.

Ian Russell Chairman

Date: 8 October 2018

STRATEGIC REPORT

The directors consider the Annual Report and Financial Statements taken as a whole, is fair, balanced and understandable and provides the information necessary to assess the Company's performance, business model and strategy.

Principal Activity

SFTi is a wholly owned subsidiary of SFT and its sole activity is as an investment company. The Company has no employees or other operations. Investments by SFTi are managed by its directors, who are represented on Companies in which SFTi invests by SFT staff.

Strategy

SFTI's strategy is to invest in companies to support the development of infrastructure. This includes investing funds provided by the Scottish Government as subordinated debt into Design, Build, Finance and Maintain (DBFM) projects in the hub programme. Returns from these investments will deliver cash income to the Group following completion of the construction phase of these respective projects and these returns will be used to make further investments, or support the operation of the Group as determined by the Directors from time to time. SFTi also invests in LLPs to support the development of affordable and mid-market housing.

STRATEGIC REPORT (continued) Business Review

As at 31 March 2018, SFTi had invested £15.1m into thirty seven separate revenue-funded projects delivered by the Scotland-wide hub programme. The table below summarises the operational projects SFTi has invested in, in prior years, and from which it is now earning interest income:

Project Company	HubCo	Commercial Close Date	Operational Date	SFTi Current Investment £'000
Aberdeen Community Health Village Ltd	hub North	April 2012	December 2013	574
Hub North Scotland (FWT) Ltd (Forres/Tain/Woodside Health Centre Bundle)	hub North	April 2013	May – August 2014: – phased handover	122
James Gillespie's Campus Subhub Holdings Ltd	hub South East	December 2013	April 2015 – phase 1 July 2016 – phase 2	1,236
Hub SW NHSL Holdco Ltd (NHS Lanarkshire)	hub South West	December 2013	March 2015 – August 2015: – phased handover	403
Hub North Scotland (Alford) Ltd	hub North	May 2014	October 2015	731
Hub West Scotland Project Company (No.1) Ltd (Eastwood/Maryhill Health Centres)	hub West	October 2014	June – July 2016: - phased handover	182
Hub East Central (Levenmouth) Ltd	hub East Central	December 2014	July 2016	1,608
Hub SW Greenfaulds Holdco Ltd	hub South West	January 2015	September 2016	301
REH Phase 1 Subhub Holdings Ltd (Royal Edinburgh Hospital)	hub South East	December 2014	December 2016	411
Hub North Scotland (Wick) Ltd	hub North	December 2014	January 2017	1,569
Hub East Central (Forfar) Ltd	hub East Central	June 2015	February 2017	364

STRATEGIC REPORT (continued) Business Review (continued)

Project Company	HubCo	Commercial Close Date	Operational Date	SFTi Current Investment £'000
Hub North Scotland (Anderson) Ltd	hub North	July 2015	September 2017	331
Hub SW Ayr Holdco Ltd	hub South West	January 2016	August 2017	512
Hub SW Dalbeattie Holdco Ltd	hub South West	January 2016	October 2017	225
KHS DBFM Holdco Ltd Kelso High School	hub South East	February 2016	November 2017	205
Hub North Scotland (Elgin High School) Ltd	hub North	February 2016	October 2017	254
Hub East Central Scotland (Baldragon) Ltd	hub East Central	February 2016	December 2017	300
Hub West Scotland Project Company (No. 2) Ltd (Inverclyde Care Home)	hub West	February 2016	June 2017	70
Hub West Scotland Project Company (No. 3) Ltd (Barrhead Secondary School)	hub West	March 2016	June 2017	214

Hub East Central (SCV) Ltd (Stirling Care Village)	hub East Central	December 2016	June 2018 – October 2019: – phased handover	354
WCHS DBFM Holdco Ltd(West Calder High School)	hub South East	December 2016	June 2018	287
Hub East Central (PSS) Ltd (Pharmaceutical Special Services)	hub East Central	December 2016	December 2018	276
Hub West Scotland Project Company (No.5) Ltd Gorbals & Woodside Health Centres	hub West	April 2017	October 2018	288
Hub SW Cumbernauld Holdco Ltd	hub South West	June 2017	July 2019	310
Hub East Central (Bertha Park) Ltd	hub East Central	September 2017	July 2019	333

STRATEGIC REPORT (continued) Business Review (continued)

Project Company	HubCo	Commercial Close Date	Operational Date	SFTi Current Investment £'000
Hub West Scotland Project Company (No.6) Ltd <i>(Blairdardie & Carntyne Primary</i> <i>Schools)</i>	hub West	October 2017	April 2019	149
Hub SW QMA Holdco Ltd (Queen Margaret Academy)	hub South West	November 2017	November 2019	234
Hub East Central (Angus Schools) Ltd	hub East Central	November 2017	April 2019	156

In addition to hub projects, during the year SFTi has invested in two new Limited Liability Partnerships (LLPs) under the Housing Delivery Partnership programme, which aims to increase the supply of affordable housing in conjunction with our Local Authority partners. SFTi also remains invested in the National Housing Trust programme, with 25 operational LLPs in place across the country following the winding up of four LLPs.

Risks and Mitigation

The most significant risk to the Company is investment performance. Two projects are being monitored closely where operational performance has led senior funders to require delay in subordinated debt interest payments. The Board do not anticipate any losses as payments are anticipated to be received in all cases and hence with the exception of minor re-profiling, investments are performing according to their base cases and making returns as anticipated. The investment risk is mitigated by:

- SFT's representative on the Board of each territory hub Company, which gives clear visibility of investment pipeline and delivery capabilities;
- investing through a well understood and closely controlled Design, Build, Finance and Maintain contract structure, which passes significant risk to sub-contractors outwith the investment vehicle;
- SFTi's Investment Committee oversees the investment process and monitors investment performance and investment management; and
- close operational management of investments by the relevant SFT staff member, who is a hub director and a director of the special purpose company established to deliver each project.

A further risk to the Company is cash flow. During the construction phase of each project in which the Company invests, interest is rolled up and no cash returns made. However, the Company makes an accounting profit on which, net of costs, tax is due.

STRATEGIC REPORT (continued)

Risk Management and Internal Control

The directors monitor SFTi's risk management and internal control systems as detailed within the Statement of Internal Control.

Financial Results

In 2017/18 SFTi was primarily funded through repayable grant funding from SFT of £1,469,189 (2016/17: £2,655,131) (this repayable grant was provided to SFT by the Scottish Government), with capital grant income received from SFT of £2 (2016/17: £1). In addition, investment returns received in the year, including a small amount of bank interest, totalled £1,462,688 (2016/17: £1,184,789). After allowing for costs of £569,495 (2016/17: £266,348) there was an operational surplus before tax of £893,195 (2016/17: £918,442). A tax charge of £169,707 (2016/17: £183,689) was incurred in respect of the profit generated. The surplus after tax of £723,488 (2016/17: £734,753) will be applied to fund future projects and the activities and wider programmes delivered by the SFT group. A dividend of £590,000 (2016/17: £nil) was declared during the year.

In 2017/18 investments of £1,469,171 (2016/17: £2,641,871) were made in the sub-ordinated debt of projects delivered through hub. This was funded by the repayable grant received from SFTi's parent, SFT (this repayable grant was provided by the Scottish Government to SFT). The thirty seven investments made to date in DBFM projects are performing satisfactorily, except two which at the year end were being monitored closely and whose performance had led senior funders to require delay in subordinated debt interest payments. The Board do not anticipate any losses as payments are anticipated to be received in all cases and hence, with the exception of minor re-profiling, investments are performing according to their base cases and making returns as anticipated. Ten projects made capital repayments in the year which totalled £65,399 (2016/17: £3,196). The NHT LLP investments are not anticipated to make material financial returns to the Company.

As an investment company SFTi does not maintain separate non-financial key performance indicators.

Going Concern

The directors believe it is appropriate for the SFTi Financial Statements to adopt the going concern basis of accounting. This is based on the investments held and related income streams which are expected to generate income for a period in excess of 20 years. In addition, SFTi's parent company, SFT, has expressed its continued support.

As such the directors believe SFTi will be able to continue in operation and meet its liabilities taking account of its current position and principal risks and issues as detailed above and within the Report of the Audit Committee.

STRATEGIC REPORT (continued)

Future Plans

During 2018/19 SFTi will continue to invest in SPV companies which will support the development of infrastructure in areas such as housing, schools and other community projects. In terms of the hub programme, it is anticipated that a further five projects will progress to financial close during 2018/19. It is anticipated that SFTi will invest in both the equity of these projects and the subordinated debt investment. SFTi will only invest if it is granted appropriate funds to do so on a project by project basis by the Scottish Government.

The Strategic Report is approved by its parent SFT and the Board of Directors and signed on its behalf by:

Poter Redrice

Peter Reekie Executive Director

Date: 8 October 2018

DIRECTORS' REPORT

Directors

The business review of the Company is included in the Strategic Report in accordance with the Companies Act 2006 s.414 (C11). The directors who held office during the year and up to the signing of these financial statements are as follows:

Ian Russell	Chairman
Fiona Mackenzie	Non-Executive Director
Carolyn Dwyer	Non-Executive Director
Ann Faulds	Non-Executive Director (appointed 1 April 2017)
Graham Watson	Non-Executive Director (appointed 1 April 2017)
Peter Reekie	Executive Director
Barry White	Executive Director (resigned 9 January 2018)
James Fletcher	Non-Executive Director (resigned 31 December 2017)
Graeme Bissett	Non-Executive Director (resigned 31 August 2017)

The Company is wholly owned by Scottish Futures Trust Limited, a company wholly owned by the Scottish Ministers. Under section 251 of the Companies Act 2006, the Scottish Ministers are considered to be the Shadow Director of the Company.

STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE ANNUAL REPORT AND FINANCIAL STATEMENTS

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the Company's financial statements in accordance with International Financial Reporting Standards (IFRS's) and International Financial Reporting Interpretations Committee (IFRIC) interpretations endorsed by the European Union.

The Company's financial statements are required by law to give a true and fair view of the state of affairs of the Company and of the profit or loss for that year.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

DIRECTORS' REPORT (continued) STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE ANNUAL REPORT AND FINANCIAL STATEMENTS (continued)

The directors are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that its financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

The directors have decided to prepare voluntarily, a Report on Corporate Governance as if the Company were required to comply with the Listing Rules of the Financial Conduct Authority in relation to those matters.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the Company's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Disclosure of Information to the Auditor

The directors who held office at the date of approval of this Directors' Report confirm that, so far as they are aware, there is no relevant audit information of which the auditor is unaware and each director has taken all the steps that they ought to have taken as a director to make themselves aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

Auditor

The auditor, Scott-Moncrieff, is deemed to be reappointed under section 487(2) of the Companies Act 2006. The Company undertook a competitive re-tender process in respect of the provision of external audit services in the Autumn of 2017 and Scott Moncrieff were reappointed. The Company has elected to dispense with the holding of the AGM, the laying of financial statements in a general meeting and the annual appointment of the auditor as meetings between the sole shareholder, Scottish Futures Trust and their sole shareholder the Scottish Government occur on a regular basis.

On behalf of the Board:

Pot Reda

Peter Reekie Executive Director

Date: 8 October 2018

REPORT ON CORPORATE GOVERNANCE

The Company is committed to high standards of corporate governance, business integrity and professionalism in all its activities.

Throughout the accounting year ending 31 March 2018, the Company has complied with all the relevant provisions of the UK Corporate Governance Code issued by the Financial Reporting Council as best practice guidance, except as explained below, notwithstanding that the Company is not a listed company to which the provisions are directed. The following exceptions are noted:

- there is no Nominations Committee as non-executive Board appointments to SFTi reflect those of the parent company, SFT. The terms and conditions of appointment for both SFTi and SFT non executive board appointments are determined by the Company's ultimate shareholder, the Scottish Ministers;
- directors are not subject to election or re-election at General Meetings as required by the Code. Non-executive directors are appointed to the Board by the Scottish Ministers - these appointments are made under a system regulated and monitored by the Commissioner for Ethical Standards in Public Life in Scotland whose policies on term of office and diversity are available on their website;
- in view of the Group's responsibilities to take account of the provisions set out in the Management Statement and Financial Memorandum (MSFM), compliance is not appropriate with the provision in the UK Corporate Governance Code that performance-related elements of remuneration to be transparent, stretching and rigorously applied. The Board carries out the role of a Remuneration Committee as remuneration of non-executive directors is set by Scottish Government;
- there is no Remuneration Committee as the Company has no direct employees;
- the Board has not identified a Senior Independent Director as the shareholder appoints and appraises the performance of the Chairman, and the Chairman was independent on his appointment and has no financial interest in the performance of the Company; and
- the Board has requested the Group Audit Committee to regularly review the need for an internal audit function. Due principally to the size and nature of the organisation, alongside a clear controls framework and regular internal controls testing, the Audit Committee has to date not identified such a need.

Board of Directors

The Board is the principal decision-making forum. It has overall responsibility for leading and controlling the Company and is accountable to the Company's ultimate shareholder, the Scottish Ministers, for financial and operational performance. The Board approves Company strategy, authorises key investment decisions and monitors performance. The Board has adopted a formal schedule of matters, in accordance with those matters reserved by the Board of the Parent Company, SFT, which are specifically reserved for its decision, which is reviewed on an annual basis.

REPORT ON CORPORATE GOVERNANCE (continued)

The roles of the Chairman and the executive director are distinct and separate, with a clear division of responsibilities. The Chairman leads the Board and ensures the effective engagement and contribution of all the directors. The executive director has responsibility for all operational business and acts in accordance with the authority delegated from the Board. Responsibility for the implementation of policy, strategy and operational management is delegated to the executive director.

The Chairman's other significant commitments are: chairmanship of HICL Infrastructure Company Limited, directorship of The Mercantile Investment Trust plc, Aberdeen Diversified Income and Growth Trust plc and Herald Investment Trust plc; and trustee of National Museums Scotland.

Board Meetings take place throughout each year as regularly as is required for the specific investment business that the Company undertakes. Board meetings are structured to allow open discussion and all directors participate in discussing the Company's strategic aims and performance and financial and risk management.

Five Board meetings were held during the year.

Board balance and independence

As at 31 March 2018, the Board included five non-executive directors (including the Chairman). During the year, two non-executive directors were appointed on 1 April 2017, with two non-executive directors resigning in the year following completion of their time in office. The Board considers that, based on the criteria set out in the provisions of the UK Corporate Governance Code, all non-executive directors (including the Chairman at the time of his appointment) are independent. The non-executive directors combine broad business and commercial experience gained in the private and public sectors with independent and objective judgement and constructively challenge and assist development of strategic matters.

The Board functions effectively and efficiently and is considered to be of an appropriate size in relation to the Company's level of business and associated responsibilities.

The Board aims to achieve a balance between non-executive and executive directors so as to promote clear and effective leadership and maintain the highest standards of integrity and professionalism across the Company's business activities.

Election of Directors

The Board of SFTi is the same as, the Board of the Parent Company, SFT. The non-executive directors have been appointed and re-appointed by Scottish Ministers in accordance with the Office for the Commissioner for Ethical Standards in Public Life in Scotland's 2013 Code of Practice for Ministerial Appointments to Public Bodies in Scotland.

REPORT ON CORPORATE GOVERNANCE (continued)

Information

As permitted by the Companies Act 2006, the Board has dispensed with the appointment of a Company Secretary. The Chairman is responsible for advising the directors on all governance matters and for ensuring that Board procedures are followed. All directors are entitled to obtain independent professional advice at the Company's expense. Minutes of Board and the Group Audit Committee meetings are available on the SFT's website following their approval.

Performance Evaluation

The performance of the non-executive directors and the executive director is assessed by the Chairman. The Chairman's performance is assessed by the Scottish Government.

Board Committees

Due to the restricted nature of its business, the Company Board does not have an extensive committee structure, although the Company does have an Investment Committee whose members are the full Board with the exception of the Chairman. The Investment Committee met five times during the year. There is also a Group Audit Committee whose membership is determined by the Parent company.

Investment Committee

The Board has constituted an Investment Committee, which has Terms of Reference to perform diligence on investments approved in principle by the Board and if considered beneficial for the Company, approve the investment.

Members of the Investment Committee are all members of the Board with the exception of the Chairman. The Committee Chair is Fiona MacKenzie.

REPORT ON CORPORATE GOVERNANCE (continued)

Attendance at Board and Committee Meetings

Attendance by Board Members at Board and Committee meetings held during the year was as follows:

	SFTi Board	Audit	
Number of meetings	5	3	5
Ian Russell	5	2*	3*
Graeme Bissett ¹	2	2	1
Carolyn Dwyer ²	5	1	4
James Fletcher ³	3	2	1
Fiona MacKenzie	5	3	5
Ann Faulds ⁴	4	1	4
Graham Watson ⁵	4	3	4
Barry White ⁶	3	2*	3
Peter Reekie	5	3*	5

*In attendance, not members of the Committee

Attendance at SFTi Investment Committee is on the basis of the necessary quorum being present, reflecting the nature of the agenda and the frequency of the meetings.

Relations with Ultimate Shareholder

As disclosed in the Directors' Report, the Company's ultimate shareholder, the Scottish Ministers, is considered to be the Shadow Director of the Company. The Chairman, on behalf of the directors has met with Scottish Ministers and officials regularly during the year and post year end to understand their views and has reported these to the Board.

On behalf of the Board:

Pot Redar

Peter Reekie Executive Director Date: 8 October 2018

¹ Graeme Bissett resigned on 31 August 2017

² Carolyn Dwyer was appointed to the Group Audit Committee on 27 November 2017

³ James Flecher resigned on 31 December 2017

⁴ Ann Faulds was appointed to the Board on 1 April 2017 and the Group Audit Committee on 27 November 2017

⁵ Graham Watson was appointed to the Board on 1 April 2017 and the Group Audit Committee on 8 May 2017

⁶ Barry White resigned on 9 January 2018

STATEMENT ON INTERNAL CONTROL

The key elements of the system of internal control are as follows:

Control Structure

SFTi has in place the same internal control system as SFT. Given the nature and size of the Company, SFTi's control structure is the responsibility of the directors and there is no current need for a separate internal audit function, though this will be kept under review. The organisation has clear lines of responsibility and effective communication channels which ensures that best practice in managing risks and controls is consistently applied. In addition, the Company's external auditor presents reports to the Audit Committee which include any significant internal control matters which they have identified.

Separate controls and governance structures are in place across SFT's programmes. The Audit Committee receives an annual update on these.

Identification and Monitoring of Business Risks

The Company has adopted a risk-based approach to internal control by evaluating the likelihood and impact of risk and putting in place appropriate levels of control to mitigate each risk. Procedures include an ongoing process of identifying, evaluating and managing key risks and, where appropriate, enhancing the systems which manage these risks. Regular review of the risks is undertaken by the Audit Committee and ultimately the Board.

Corporate Information Systems

The Company operates a budgeting and financial reporting system appropriate to its business as an investment vehicle. Standard financial control procedures are in place which provide assurance on the integrity of the Company's finances.

Effectiveness of Internal Controls

The directors are responsible for, and for reviewing the effectiveness of, the Company's system of internal control, including internal financial control, which is designed to provide reasonable, but not absolute assurance regarding the safeguarding of assets against unauthorised use or disposition and the maintenance of proper accounting records and the reliability of financial information used within the business or for publication. These controls are designed to manage rather than eliminate the risk of failure to achieve business objectives due to circumstances which may reasonably be foreseen and can only provide reasonable and not absolute assurance against material misstatement or loss.

On behalf of the Board:

Pot Reda

Peter Reekie Executive Director

Date: 8 October 2018

REPORT ON DIRECTORS' REMUNERATION

Details of directors' remuneration are as follows:

Directors' Remuneration

None of the directors receive remuneration for their service to SFTi. Directors are remunerated through SFTi's parent company, SFT.

On behalf of the Board:

Pot Rubs

Peter Reekie Executive Director

Date: 8 October 2018

REPORT OF THE GROUP AUDIT COMMITTEE

Role and Responsibilities

The Group Audit Committee is responsible for assisting the Board in discharging its responsibilities in relation to the financial affairs of the Group, the arrangements for accounting, financial reporting and regulatory compliance, the standards and effectiveness of internal control, the arrangements for identifying, evaluating and managing the significant risks faced by the Group and the arrangements for external audit. The Group Audit Committee meets regularly throughout the accounting year and, in addition, it meets the external auditor privately.

Composition

Members of the Group Audit Committee during the financial year were:

- Graham Watson (appointed 1 April 2017) is a Chartered Accountant and experienced investment banker bringing extensive strategic leadership and financial expertise to the board. Graham was appointed chair of the Group Audit Committee from 1 September 2017.
- Fiona MacKenzie is an honorary Professor of Management at Stirling University, was previously Chief Executive of Forth Valley NHS Board and has extensive experience of leading major public bodies.
- Carolyn Dwyer is the director of Built Environment at the City of London Corporation. She has over 30 years' experience in the Development Sector.
- Ann Faulds (appointed 1 April 2017) is a partner in the law firm, CMS and has 30 years' experience in consenting processes for developments and infrastructure projects.
- James Fletcher (resigned 31 December 2017), Councillor and Provost of East Renfrewshire Council who has extensive experience in providing financial oversight to a variety of entities.
- Graeme Bissett (resigned 31 August 2017) is a Chartered Accountant, who spent 19 years in the accountancy profession, has been CFO in international groups and has chaired or is chairing several Audit Committees for listed companies. He was Chair of the Group Audit Committee until his resignation.

In the year ended 31 March 2018, there were three meetings of the Group Audit Committee.

The Board is satisfied that the Committee membership has relevant financial and business experience.

Responsibilities and Review of the External Auditor

During the year the principal activities of the Group Audit Committee included:

- considering and recommending to the Board for approval the annual financial statements and reviewing the external auditor's report thereon;
- reviewing the scope, execution, results, cost effectiveness, independence and objectivity of the external auditor;
- selecting and appointing the external auditor;
- reviewing and monitoring the independence of the external auditor in relation to non-audit assignments, taking into account relevant ethical guidance;

REPORT OF THE GROUP AUDIT COMMITTEE (continued)

- reviewing and approving the external auditor's plan for the financial year, with a focus on the identification of areas of audit risk, and consideration of the appropriateness of the level of audit materiality adopted;
- reviewing the efficiency of the external audit process and the quality and independence of the audit engagement partner;
- reviewing the appropriateness of the Company's accounting policies; and
- ensuring the adequacy of the Company's internal control systems and standards.

Auditor and Audit Tenure

Scott Moncrieff has been auditor since the company's incorporation in 2010 and were reappointed through a formal tender process in 2014 and 2017. The Group Audit Committee reviews the auditor's performance on a regular basis, taking into consideration the services and advice provided to the Company and the fees charged for these services.

Safeguarding the Auditor's Objectivity and Independence

The Group has a policy in place whereby their Auditor can provide non-audit services to a value not exceeding 50% of the agreed external audit fee if authorised by the SFT Director of Corporate Services and Low Carbon. The Group Audit Committee can authorise non-audit services up to 100% of the audit fee.

The Auditor cannot provide non-audit services to a value exceeding 100% of the external audit fee. This ensures the auditor's objectivity and independence.

The only non-audit services provided to the Company by the Auditor were basic corporation tax compliance advice, iXBRL tagging of the financial statements for submission to HMRC and a review of the SFT group internal controls which covered SFTi. This work was performed by staff from Scott-Moncrieff, who had no involvement with the external audit, thus the objectivity and independence of the external audit was not compromised. The audit and tax fees for SFTi were paid by SFT and recharged via the management charge.

Significant Issues Considered Regarding the Annual Report and the Financial Statements

During the year, the Audit Committee considered the significant issues and areas of key audit risk in respect of the Annual Report and Financial Statements. The Audit Committee reviewed the external audit plan at an early stage and concluded that the appropriate areas of audit risk relevant to the Company had been identified and that suitable audit procedures had been put in place to obtain reasonable assurance that the financial statements as a whole would be free of material misstatements.

REPORT OF THE AUDIT COMMITTEE (continued)

Significant issue	How the issue was addressed
	The company has two sources of revenue funding:
	1) The grant funding provided by SFT; and
	2) The interest it receives on the working capital loans and subordinated

INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF SCOTTISH FUTURES TRUST INVESTMENTS LIMITED

Opinion

We have audited the financial statements of Scottish Futures Trust Investments Limited for the year ended 31 March 2018 which comprise the Statement of Comprehensive Income, the Statement of Changes in Equity, the Statement of Financial Position, the Statement of Cash Flows and the notes to the financial statements including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs) as adopted by the European Union.

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 March 2018 and of its profit for the year then ended;
- have been properly prepared in accordance with IFRSs as adopted by the European Union; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to principal risks, going concern and viability statement

We have nothing to report in respect of the following information in the Annual Report, in relation to which the ISAs (UK) require us to report to you whether we have anything material to add or draw attention to:

- the disclosures in the Annual Report that describe the principal risks and explain how they are being managed or mitigated;
- the directors' confirmation in the Annual Report that they have carried out a robust assessment of the principal risks facing the Company, including those that would threaten its business model, future performance, solvency or liquidity;
- the directors' statement in the financial statements about whether the directors considered it appropriate to adopt the going concern basis of accounting in preparing the financial statements and the directors' identification of any material uncertainties to the Company's ability to continue to do so over a period of at least twelve months from the date of approval of the financial statements;
- whether the directors' statement relating to going concern is materially inconsistent with our knowledge obtained in the audit;
- or the directors' explanation in the Annual Report as to how they have assessed the prospects of the Company, over what period they have done so and why they consider that period to be

INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF SCOTTISH FUTURES TRUST INVESTMENTS LIMITED (continued)

appropriate, and their statement as to whether they have a reasonable expectation that the Company will be able to continue in operation and meet its liabilities as they fall due over the period of their assessment, including any related disclosures drawing attention to any necessary qualifications or assumptions.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period and include the most significant assessed risks of material misstatement (whether or not due to fraud) we identified, including those which had the greatest effect on: the overall audit strategy, the allocation of resources in the audit; and directing the efforts of the engagement team. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Revenue Recognition

- **The risk:** There is a risk that revenue is misstated as a result of the accounting policies adopted or as a result of the Company recognising income transactions in such a way as to lead to a material misstatement in the reported revenue.
- **Our response:** The Company's main source of income in the year is interest received in respect of the working capital loans and subordinated debt invested in the hub companies and the Design Build Finance Maintain (DBFM) Special Purpose Vehicle (SPV) companies and through reviewing the underlying agreements and the sums invested we confirmed the interest income recognised in the year was accurate. Only £2 of grant income was received by SFTi to fund the investment of £2 in two Limited Liability Partnerships. This grant income was agreed to supporting documentation.
- **Our findings:** From the work performed we gained assurance in respect of the completeness and occurrence of revenue transactions in the year.

Repayable grants from the Scottish Government to SFT which are then granted on to SFTi

- **The risk:** There is a risk that repayable grants received by SFT from the Scottish Government which are then granted on to SFTi to fund the investment in sub-ordinated debt and the share capital of DBFM SPV companies are not correctly recorded in the financial statements of SFT or SFTi.
- **Our response:** All repayable grants received from the Scottish Government by SFT in the year which were then granted on to SFTi to fund SFTi's investments were agreed to supporting documentation, the bank statements and both SFTi's and SFT's accounting systems.
- **Our findings:** From the work performed, we have gained assurance over the repayable grants received from the Scottish Government in the year by SFT which were then granted on to SFTi.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF SCOTTISH FUTURES TRUST INVESTMENTS LIMITED (continued)

Treatment of Investments made by Scottish Futures Trust Investments Limited

- **The risk:** There is a risk that the accounts of SFTi are incomplete as they may not include all entities that SFTi has invested in which perhaps may be deemed subsidiaries or associates of SFTi.
- **Our response:** We performed a detailed review of the investments held in order to establish to what extent, if any, SFTi exerts significant influence or control over the financial and operational decisions of the investee. This included detailed discussions with the Audit Committee and Leadership Team and a review of underlying agreements.
- **Our findings:** The investments held by SFTi were reviewed and we concluded that no significant influence or control existed and therefore consolidation was not required for any of the investments held.

Potential impairment of Investments

- **The risk:** Capital investments in hub companies and special purpose investment vehicles in terms of both share capital and subordinated debt are impaired.
- **Our response:** From our review of investments we did not identify any indication of impairment. The progress of each project is in line with expectations.
- **Our findings:** No impairment has been identified in respect of any of SFTi's investments.

Our application of Materiality

The materiality for the financial statements as a whole was set at £29,000. This has been assessed with reference to the benchmark of investment income (representing 2% of the reported figure) which we consider to be the principal considerations for the members of the company in assessing the financial performance of the company.

For significant risk areas we set a performance (testing) materiality, which we assessed as being 50% of the overall materiality. In respect of other areas, we performed audit procedures on all transactions and balances that exceeded our assessed low risk level performance materiality which was assessed as being 75% of the overall materiality. This meant that we performed a greater level of testing on the areas deemed to be of significant risk of material misstatement. All balances and transactions above 75% of overall materiality were audited whilst for higher risk items we tested all balances and transactions as we deemed necessary.

We agreed with the Audit Committee to report to it the following misstatements that we identified through our audit: (i) all material corrected misstatements; (ii) uncorrected misstatements with a value in excess of £1,500; and (iii) other misstatements below that threshold that we believe warranted reporting on qualitative grounds.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF SCOTTISH FUTURES TRUST INVESTMENTS LIMITED (continued)

An Overview of the Scope of our Audit

Each of the risks noted above were identified at the planning stage of the audit and as such procedures designed to mitigate the risk of material misstatement were selected at planning. In our audit, we tested and examined information using sampling and other audit techniques, to the extent we considered necessary to provide a reasonable basis for us to draw conclusions. We obtained evidence through performing a review of the significant accounting systems, substantive procedures and detailed analytical procedures.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report other than the financial statements and our Auditor's Report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

Other information (continued)

We have nothing to report in this regard. In this context, we also have nothing to report in regard to our responsibility to specifically address the following items in the other information and to report as uncorrected material misstatements of the other information where we conclude that those items meet the following conditions:

- Fair, balanced and understandable the statement given by the directors that they consider the Annual Report and financial statements taken as a whole is fair, balanced and understandable and provides the information necessary for shareholders to assess the Company's performance, business model and strategy, is materially inconsistent with our knowledge obtained in the audit; or
- Audit committee reporting the section describing the work of the Audit Committee does not appropriately address matters communicated by us to the Audit Committee; or
- Directors' statement of compliance with the UK Corporate Governance Code the parts of the directors' statement relating to the Company's voluntarily compliance with the UK Corporate Governance Code containing provisions specified for review by the auditor do not properly disclose a departure from a relevant provision of the UK Corporate Governance Code.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF SCOTTISH FUTURES TRUST INVESTMENTS LIMITED (continued)

Opinion on other matters prescribed by the Companies Act 2006

In our opinion the part of the Directors' Remuneration Report to be audited has been properly prepared in accordance with the Companies Act 2006.

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic Report and the Directors' Report for the financial year for which the Financial Statements are prepared is consistent with the Financial Statements; and
- the Strategic Report and the Directors' Report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements:

- in the Strategic Report or the Directors' Report; or
- the information about internal control and risk management systems in relation to financial reporting processes.

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements and the part of the Directors' Remuneration Report to be audited are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of the directors

As explained more fully in the directors' responsibilities statement set out on pages 9 and 10, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF SCOTTISH FUTURES TRUST INVESTMENTS LIMITED (continued)

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: <u>www.frc.org.uk/auditorsresponsibilities</u>. This description forms part of our Auditor's Report.

In addition to our audit of the Financial Statements, the directors have engaged us to review their Report on Corporate Governance as if the Company was required to comply with the Listing Rules of the Financial Conduct Authority in relation to those matters. We review whether the Report on Corporate Governance reflects the Company's compliance with the UK Corporate Governance Code specified for our review by those rules, and we report if it does not. We are not required by the terms of our engagement to consider whether the Board's Statement on Internal Control covers all risks and controls, or to form an opinion on the effectiveness of the Group's corporate governance procedures or its risk and control procedures.

Use of this report

This report is made solely to the Company's member, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's member, as a body, those matters we are required to state to them in an Auditor's Report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's member, as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

1. Basis of Preparation and Accounting Policies

The financial statements of Scottish Futures Trust Investments Limited have been prepared in accordance with International Financial Reporting Standards (IFRSs as adopted by the EU), IFRIC interpretations and the Companies Act 2006.

The financial statements are presented in British Pounds since this is the functional currency of the Company.

Scottish Futures Trust Investments Limited is a Company limited by shares, incorporated and domiciled in the United Kingdom. The address of its registered office is 11 - 15 Thistle Street, Edinburgh, EH2 1DF.

The report is prepared on an accruals basis and is based on historical costs and does not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

Accounting policies are selected and applied in a manner which ensures that the resulting financial information satisfies the concepts of relevance and reliability, thereby ensuring that the substance of the underlying transactions or other events is reported.

The following significant accounting policies have been adopted in the preparation of this report:

Going Concern

On the basis of the information available to them, the directors have a reasonable expectation that the Company will continue to receive the forecast income due from its investment activities. Consequently, in managing this capital, the Company has adequate resources to continue in operational existence for the foreseeable future. For this reason, the directors consider it appropriate to adopt the going concern basis in preparing the financial statements.

Share capital

The ordinary share of SFTi is classified as equity.

Financial Instruments

Classification, recognition and measurement

The Company classifies its financial assets as investments, loans and receivables or available-for-sale. Management determines the classification of its financial assets at initial recognition.

Investments

These are investments by SFTi in hub companies, DBFM SPV companies and limited liability partnerships and are held at cost. SFTi has no intention of disposing of these investments.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018 (continued)

1. Basis of preparation and accounting policies (continued)

Loans and Receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Loans and receivables are measured at amortised cost using the effective interest method.

De-recognition

Financial assets are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Company has transferred substantially all the risks and rewards of ownership.

Cash and Cash Equivalents

In the Statement of Cash Flows, cash includes cash on hand and at call deposits with banks or financial institutions.

Trade and other Payables

Trade payables are obligations to pay for goods and services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities. Trade payables are recognised at cost.

Revenue

Revenue comprises the fair value of the consideration received or receivable in the ordinary course of the Company's activities. The Company recognises revenues when the amount of revenue can be reliably measured and it is probable that future economic benefits will flow to the Company.

Interest income is recognised using the effective interest method. When a loan and receivable is impaired, the Company reduces the carrying amount to its recoverable amount, being the estimated future cash flow discounted at the original effective interest rate of the instrument, and continues unwinding the discount as interest income. Interest income on impaired loans and receivables is recognised using the original effective rate.

Capital grants

The Scottish Government provides capital grants to SFT who then grants these onto SFTi to fund investments. These grants are not repayable to the Scottish Government with returns generated from the investments to be recycled to fund new investments. As such the grant funding is recognised as income by SFTi when the investment is made.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018 (continued)

1. Basis of preparation and accounting policies (continued)

Repayable grants

The Scottish Government provides repayable grants to SFT who in turn grants these onto SFTi to fund investments. These repayable grants have been accounted for as deferred income. The amount expected to be repaid within 12 months is included in current liabilities with the balance in non-current liabilities. Repayment to the Scottish Government via SFT may occur as capital repayments are received from the investment. In the event of any impairment to an investment, the balance due to the Scottish Government via SFT would be reduced by an equal amount.

2. New and Amended Standards Adopted by the Company

No new or amended IFRSs had a material impact on the 2017/18 financial statements.

3. Standards, amendments and interpretations to existing standards that are not yet effective and have not been adopted early by the Company

Guidance in Issue but not in Force – EU Endorsed

IFRS 9 Financial instruments comes into force for accounting periods beginning on or after 1 January 2019, thus SFTi will adopt this standard as part of its 2018/19 financial statements. The expected impact of this standard on the financial statements of SFTi can be summarised as:

- Equity investments the Company currently holds equity investments in hubco and SPV project companies at cost. Under IFRS 9 there is no option to hold investments at cost and thus, these investments will be held at their estimated fair value. The estimated fair value of the investments will be based on the expected dividend income over the remaining life of each project company (each project is scheduled to last 25 years following completion of the construction phase of the project) discounted by the Company's estimated risk premium which has been estimated at 11%. The estimated fair value at 1 April 2017, the date of transition, is £200,000 and this transition adjustment will result in an increase in equity of £200,000. The date of transition is the start of the prior financial year from which the change in accounting policy is applied.
- Debt instruments the Company has assessed whether a general expected credit loss provision is required for the sub debt investments that it holds. The sub debt investments are in SPV project companies. The performance of these SPVS are reviewed on a quarterly basis by the Board. Due to the underlying conditions within the sub debt the risk of non-payment of interest or capital is minimal and therefore no general expected credit loss provision is considered necessary. No specific expected lifetime credit loss provision is expected to be required as all projects are performing in line with initial expectations and SFT expects to receive the interest and capital repayments due.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018 (continued)

3. Standards, amendments and interpretations to existing standards that are not yet effective and have not been adopted early by the Company (continued)

Guidance in Issue but not in Force – not EU Endorsed

There is no guidance in issue but not in force and that has not been EU Endorsed which we consider will have a material effect on the financial statements of SFTi.

4. Critical Accounting Judgements and Key Sources of Estimation Uncertainty

The preparation of financial statements under IFRS requires the Company to make estimates and assumptions that affect the application of policies and reported amounts. Estimates and judgements are continually evaluated and are based on historical experience and other factors including expectations of future events that are believed to be reasonable under the circumstances. If in the future such estimates and assumptions deviate from actual circumstances, the original estimates and assumptions would be modified as appropriate in the year in which circumstances change. There were no estimates or assumptions which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next financial year.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018 (continued)

5. Other income

	2018	2017
	£	£
Interest income from working capital loans and		
subordinated debt (notes 9a and 9b)	1,448,494	1,170,875
Bank Interest	113	168

Working Capital Loans - Non-Current Assets

SFTi loaned working capital of £100,000 to hub West Scotland Limited on 27 April 2012. This working capital facility was available until 26 April 2017 but was extended to 31 December 2018 and further extended to 31 March 2020 by which date the full amount of the working capital facility shall be due and payable on demand unless a renewal or extension is agreed. All providers of working capital loans agreed to extend these facilities to support the ongoing operations of the company. The rate of interest applicable shall be: the interest (net of tax) received where amounts are held in the reserve account, and 2.5% p.a. on all other sums. Interest is payable semi-annually (30 June and 31 December). This item has been treated as a non-current asset at 31 March 2018.

Working Capital Loans - Current Assets

SFTi loaned working capital of £100,000 to hub South West Scotland Limited on 17 November 2012. This working capital facility was available until 16 November 2017 but has been extended to 16 November 2018 by which date the full amount of the working capital facility shall be due and payable on demand unless a renewal or extension is agreed. All providers of working capital loans agreed to extend these facilities to support the ongoing operations of the company.

The rate of interest applicable shall be: the interest (net of tax) received where amounts are held in the reserve account, and 2.5% p.a. on all other sums. Interest is accrued-semi-annually (on 31 December and 30 June) and added to the loan. This item has been treated as a current asset at 31 March 2018.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018 (continued)

9. a) Financial Assets - Working Capital Loans (continued)

Working Capital Loans - Repaid

SFTi loaned working capital of £100,000 to hub South East Scotland Limited on 30 July 2010. This working capital facility was originally available until 30 July 2015 but was extended until 31 March 2017 when it was repaid.

SFTi loaned working capital of £100,000 to hub East Central Scotland Limited on 7 February 2012. This working capital facility was available until 6 February 2017 at which time it was repaid.

Working capital loans are held as financial assets - loans and receivables.

Capital Management

Scottish Government grants SFT funds which SFT grants on to SFTi for investment in subordinated debts, share capital in special purpose vehicles and working capital in hub Cos. Scottish Government also provides repayable grant to SFT which SFT then grants onto SFTi for investment in subordinated debts, share capital in special purpose vehicles and working capital in hub Cos. This repayable grant is accounted for as deferred income. These investments are detailed in note 9b.

9. b) Financial Assets – Subordinated Debt

	2018	2017
Cost and Net Book Value	£	£
At beginning of year	13,557,010	10,918,335
Additions	1,469,171	2,641,871

9. b) Financial Assets – Subordinated Debt (continued)

The most significant risk to the Company is investment performance. Two projects are being monitored closely where operational performance has led senior funders to require delay in subordinated debt payment. The Board do not anticipate any losses as payments are anticipated to be received in all cases and hence with the exception of minor re-profiling, investments are performing according to their base cases and making returns as anticipated.

LAR Housing Trust

LAR Housing Trust was incorporated as a Scottish Charitable Incorporated Organisations ("SCIO") on 25 April 2014 to assist in the provision of affordable housing. SFTi has the right to appoint a Partner Trustee to the organisation who is one of six Trustees – four being Independent Trustees and one an Executive Trustee. A Senior Associate Director of SFT is currently SFTi's nominated Trustee. There were no financial transactions between SFTi and LAR.

Hub Community Foundation

The Hub Community Foundation was incorporated as a Scottish Charitable Incorporated Organisations ("SCIO") on 10 December 2015 to assist in the delivery of community benefits through the hub programme and to provide finance to specific projects delivered by the hub programme. SFTi has the right to appoint a Partner Trustee to the organisation who is one of five Trustees – three being Independent Trustees and one Trustee representing the Private Sector Development Partners. A Senior Associate Director of SFT is currently SFTi's nominated Trustee. There were no financial transactions between SFTi and Hub Community Foundation or its fully owned subsidiary HCF Investments Limited.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018 (continued)

16. Financial Instruments

The Company's financial instruments comprise of cash resources which arise directly from its operations and subordinated debt issued to hub companies, special purpose vehicles and working capital loans made to hub companies. The Company has not entered into derivatives transactions. Each of the main risk exposures related to financial instruments are considered below.

Interest rate risk - As the Company has no borrowings subject to interest or significant amounts of cash on deposit it has no significant exposure to interest rate risk. Interest rates in respect of subordinated debt investment and working capital loans are fixed.

Credit Risk - The Company does not have a significant concentration of credit risk. Bank deposits are held with major national banks and the principal customer is the Scottish Government.

Liquidity Risk - The Company operates within a budget agreed with the Scottish Government and as such liquidity is not seen as a major risk area. Interest rates in respect of subordinated debt investment and working capital loans are fixed.

Fair value of financial assets and liabilities - The directors consider that there is no significant difference between the book value and fair value of the Company's financial assets and liabilities except for equity investments in hub projects whose fair value is estimated to be £200,000 as at 1 April 2017, as disclosed in Note 1.

17. Ultimate Controlling Party

The Company is wholly-owned by Scottish Futures Trust Limited which is a company wholly-owned by the Scottish Ministers.
